CHAYA B R

Java Full Stack Developer | Java Backend Developer | Software Engineer | Entry-Level

Email: chayabr62@gmail.com | **Phone:** +91 7411076534 | GitHub | LinkedIn

Professional Summary

Entry-level Java Full Stack Developer with internship experience in designing, developing, and testing enterprise web applications using Java, Spring Boot, Hibernate, JDBC, and MySQL. Strong understanding of backend development, RESTful APIs, MVC architecture, database management, and object-oriented programming. Experienced in SDLC, debugging, API testing, and deployment basics. Seeking an entry-level software engineering role to contribute to scalable, secure, and maintainable applications.

Education

- **Bachelor of Engineering – Information Science & Engineering**   **2021 – 2025**
  Adichunchanagiri Institute of Technology, VTU, Chikkamagaluru
  Percentage: 85%

- **PUC (PCMB)**   **2019 – 2021**
  Junior College BH Road, Sagara
  Percentage: 70%

- **SSLC (KSEEB)**   **2017 – 2019**
  Baikodu High School
  Percentage: 73%

Internship Experience

Java Full Stack Developer Intern
Palle Technologies, Bengaluru   **Jan 2025**

- Developed and maintained Java-based web applications using Spring Boot, Hibernate, JDBC, and MySQL.
- Implemented CRUD operations and backend business logic across multiple functional modules.
- Designed responsive user interfaces using HTML, CSS, JSP, and Servlets.
- Developed and tested RESTful APIs using Postman, ensuring proper request handling and responses.
- Debugged application issues, performed root cause analysis, and optimized backend code to improve application stability and performance.
- Worked in an Agile environment and gained hands-on exposure to the Software Development Life Cycle (SDLC).

Projects

Multi-Module Web Application for Student & Organization Management
Jun 2025 – Jul 2025

- Designed and developed a full-stack web application to manage student data, interviews, and training results.

- Built layered backend services using Java, Spring Boot, Hibernate, and JDBC with MySQL integration following MVC architecture.

- Implemented secure CRUD operations and efficient database connectivity.

- Created, validated, and tested REST APIs using Postman.

- Wrote test cases, identified defects, and managed source code using GitHub.

GitHub Projects:

- Spring Boot Product Module

- JEE Project

- Java Maven Application

Technical Skills

Programming Languages: Java, SQL
Backend Technologies: Spring Boot, Hibernate, JDBC, Java EE
Web Technologies: HTML, CSS, JavaScript, JSP, Servlets
Database: MySQL, RDBMS
APIs & Architecture: REST APIs, MVC Architecture
Tools & IDEs: Git, GitHub, Eclipse, VS Code, Postman
Concepts: Object-Oriented Programming, Multithreading, SDLC
Methodologies: Agile, Waterfall
Development Practices: Clean Code, Debugging, Code Optimization, Version Control

Certifications

- Java Full Stack Developer Internship Certification – Palle Technologies

- Java Programming Certification – Great Learning

- Coordinator Certification – DigitISE

Extra-Curricular Activities

- Participated in a state-level hackathon at PES Shivamogga, contributing to problem analysis and solution development.

Languages

Kannada (Native) • English (Proficient)
